QUALITY OF STOCK

The stock offered in this list is strictly first-class, and, we believe, absolutely free from all injurious insects or diseases. We aim to keep our Nurseries clean, so that the stock is healthy and vigorous. We invite inspection. Visitors are always welcome. See back cover for location of Nurseries.

SUBSTITUTION

We never substitute one variety for another. In case the size ordered is exhausted, we send the next size thereto and charge accordingly. Should the variety be exhausted, we at once notify the customer.

The Planting Season

The planting season begins in the spring as soon as the frost is out of the ground, which is about the first of April, and continues until early in June.

Directions for Shipping

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the TRANSPORTATION COMPANY.

INSPECTOR'S CERTIFICATE ACCOMPANIES EVERY SHIPMENT

CONDITIONS OF SALE

First—The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. Five hundred will be furnished at the thousand rate; fifty at the hundred rate and five at the ten rate.

Second—We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell. Nevertheless we shall, in the future, endeavor to live up to our reputation for square dealing as fully as we have in the past. No complaints will be considered that are not made within ten days after receipt of stock.

Third—The prices annexed do not include the boxes or bales. A charge is made for the actual cost of the boxes or the material used in baling. Boxes in which we have shipped stock and which are returned to us are generally so badly damaged in transit that we will allow credit for not over fifty per cent of the charge made for same. We make no charge for conveyance of shipment to the freight stations or express offices.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. All bills remaining unpaid December 1st in fall, and June 1st in spring, will be subject to sight draft without further notice.

DECIDUOUS SHADE AND ORNAMENTAL TREES.

IMPORTANT—This list includes only such varieties of stock as we have now in our nurseries, in sizes and quantities offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly; unless otherwise advised.

☞ <i>Prunus tomentosa</i> possesses real merit. It is absolutely hardy, and not subject to San Jose scale. The foliage of itself is a thing of beauty. When it has obtained its growth it will bloom profusely in early Spring, and bear abundance of fruit in early Autumn. The fruit resembles small cherries, is highly ornamental and edible for man as well as birds.

We have a large stock of Evergreen Trees and Shrubs, Rhododendrons and other stock, and we believe it will pay you to visit the nurseries, where you can judge as to its quality and condition. If you require any large specimens it will be worth while to select them at the nurseries.

Directions for reaching our nurseries will be found over the page.

THE FRAMINGHAM NURSERIES FRAMINGHAM, MASSACHUSETTS

THE NURSERIES are located in Framingham, 21 miles west of Boston, on the Boston & Albany Division of the New York Central R. R. Trains leave the South Station at frequent intervals during the day. The Nurseries are about two miles north of the South Framingham station, and may be reached by Saxonville electric car, getting off at Cochituate Road and walking a few minutes east. Or by the Boston & Worcester cars from South Framingham, getting off at the rear entrance of the Nursey and walking north, through the Nursery to the office, which is 7 minutes away. Or the Nurseries may be reached by the Boston & Worcester electric cars from Park Square, Boston, from which point cars leave every 15 minutes. Any Chestnut Hill or Brookline Village cars will connect with the Boston and South Framingham or the Boston and Worcester cars, either of which pass the rear entrance to our Nurseries. All conductors are familiar with the stop at the Framingham Nurseries. The running time by trolley to the Nurseries is one hour and ten minutes. The fare is twenty-three cents from Boston.
